Sometimes inspiration comes in the unlikeliest of places. The idea for these floating shelves came to Norwegian design duo Gridy when they spotted shelf fungus growing out of a tree. Use as bedside shelves, to display your favourite things in the living room or put herbs stylishly within reach in the kitchen.

## About the Designer

Gridy consists of two designers based in Oslo, Norway, specialized within furniture, product and spatial design. We strive to create simple, functional solutions with a strong personality that communicates with the user through recognition of symbols and everyday objects. Gridy often draw inspiration from everyday life and try to combine a rational approach with a dash of humor.
