Product Type

Bottle carafe

Production Process

The body is made from mouth-blown crystal glass or glass. The lid is solid brass/copper. The brass/copper solar polished but not lacquered so the metal will darken and patinate over time.

Care Instructions

The glass carafe can be washed in a dishwasher on a normal washing program. Use a cloth to dry afterwards. Do not use any cleaners with chemicals, solvents, or harsh abrasives. The brass lid will oxidise from the moment it is exposed to air. To maintain a shiny appearance, use a mild metal polish and a soft cloth. Avoid using water.

This glass carafe is part of a series inspired by the silhouettes of classic vessels, such as the milk bottle. Bottle Carafe updates traditional brandy and rum bottles, with its stout, chubby base. While honouring the past, Bottle Carafe services modern requirements, with a stylish brass lid to keep liquids fresh. The carafe is a minimalist and refined rethink, sculpted from thick-walled mouth-blown glass. Use to cool drinks in the fridge or to keep wine for another day. Bottle Carafe holds up to 1.4 litres of liquid.

About the Designer

Norm Architects was founded in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn. Norm works within residential architecture, commercial interiors, industrial design, photography, graphics and art direction. The name 'Norm' signifies the importance of drawing inspiration from norms and traditions within the fields of architecture and aesthetics, which have been refined throughout the centuries. Norm makes a virtue of focusing on quality, durability and timelessness. Their objective is to produce design which applies good materials and craftsmanship whilst embodying beauty, traditions, history and most importantly, timelessness.
