FUNCTIONAL AND BEAUTIFUL

At WGU Design we have a keen eye for design and craftsmanship, which means that all materials including our outdoor fabrics meet the highest standards of quality. The fabrics selected are designed to withstand all kinds of weather conditions. The UV, fade, mould and mildew resistant properties means that colours will remain vibrant even with constant exposure to the elements.

This makes for weather-proof fabrics that can be left outside all year round, that require little to minimal maintenance. The high-quality acrylic materials are quick-drying, allowing you to enjoy your furniture sooner.

It is our passion to make people forget their daily stresses while relaxing in one of our many stunning pieces of designer outdoor furniture. Every piece is a blend of quality, simplicity and modern elegance.

Our extensive range of outdoor furniture and accessories, will transform every outdoor space into a place where you can relax and enjoy time with family and friends. WGU Design's years of expertise and variety with respect to finishes, colours and fabrics, also makes us a valued partner for the commercial sector. From the design phase, right up to the finished project, you will experience our outdoor expertise.

Ultra Durable

Outdoor Fabric

SUNBRELLA® FIBRES ARE STEEPED IN TOP QUALITY DYES DURING THE ACTUAL MANUFACTURING PROCESS, WHEN THE ACRYLIC IS STILL LIQUID.

As a result, Sunbrella yarn is coloured all the way to the core so its original vibrancy lasts on and on. There's absolutely no comparison to ordinary procedures whereby the yarn or fabric is simply dipped in dye which therefore only penetrates the outer layers.

Solution dyed acrylic

Yarn dyed

.....
 Tested to meet ISO 105 B02 and ISO 105 B04 standards, Sunbrella® fabrics score as follows :

- UV colour fastness (ISO 105 B02) : 8/8
 - Weather condition colour fastness (ISO 105 B04) : 4-5/5
-

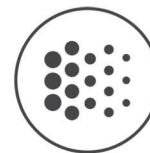

Weather Resistant

Sunbrella outdoor fabric is engineered to withstand Mother Nature, resisting the harmful effects of exposure to the sun, rain, humidity.

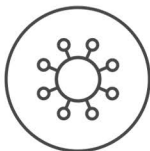

Durable

Sunbrella performance fabrics are made for living, standing up to wear with long-lasting strength.

Fade & UV Resistant

Stabilized UV and colour pigments prevent Sunbrella fabrics from fading, as well as becoming damaged and breaking down.

Mould & Mildew Resistant

Fabrics are mould and mildew resistant, making for weather-proof furniture that can be left outside all year round.

Easy to Clean

Sunbrella fabrics are easy to clean by blotting spills with a clean, dry cloth and using mild soap and warm water.

Stain Resistant

Sunbrella fabrics are engineered with built-in stain resistance and a protective finish that won't wash away, standing up to life's toughest messes.
