BY LASSEN

by Lassen owns the rights to the designs of two of Denmark's greatest architects: Mogens Lassen and Flemming Lassen. The Lassen brothers were innovators in architectural modernism and produced numerous iconic designs throughout their lives.

Our simple mission is to build upon the tradition of Mogens and Flemming Lassen to ensure that exceptional, original and rediscovered designs continue to live on through new generations.

Frame is a flexible storage solution comprised of square boxes in cubic frames from large to small sizes. Frame furniture modules can be hung directly on the wall or stand on their own on the floor. The individual combination options are endless and timeless. In 2016 Frame won the German Design Award.

Frame unites functionality, quality and aesthetics and is manufactured in Denmark.
